<p>This house appears to date from around 1800 - 1840. It resembles the Walther House, also in Cecil County which was built in 1816. It is covered with stucco painted gray and has a two story frame wing centered on the south facade, making a "T" plan. The large stone chimney on the east gable is the main feature of the house which indicates its age. The interior was completely remodeled in the late 19th century when the frame wing was built.</p>
